KRIDER'S CHURCH SEXTON HOUSE

1909

213 Krider's Church Road
Westminster vicinity

private

The first sexton house for Krider's Lutheran and Reformed Union Church was built shortly after the first log church (1763). The Krider's Church History provides a newspaper account that states that the first log sexton house was one of the oldest structures in the county. The current sexton house was built in 1909 and it shows the influence of national styles of housing and technology in its balloon frame, vertical proportions, and details.
